Presentation

4 women between 20 and 30 years old, who are sisters and friends, joined in the project with a common value :

LIVING IN NATURE !

Coming from different backgrounds and regions, we have been able to make it a strength to offer you, in the heart of the Alpes Mancelles area, near the Sarthe.

Our first goal is to bring this residence back to life, by combining a hotel, a restaurant and a wellness area.

The second is to cook local products in a gourmet way for our customers.

The third is to dare to start entrepreneurship when we are young.

Our Philosophy

A Natural heritage site by Natura 2000, located in the Sarthe, between the Orne and the Mayenne, the domain is mixing forest as far as the eye can see and outdoor activities, for the enjoyment of young and old alike.

Wellness treatments, horseback riding, adventure park, local products' shop, climbing, permaculture garden open to the public and other activities await you to make the most of your stay.

Our philosophy is to make you experience an unforgettable moment in a haven of peace, combining serenity, well-being and responsible cuisine.
